Ceiling horizontal plenum box Ø 125-2x75 type PB-CH 125-2/75

Horizontal ultra-lightweight plenum box, to be included in ventilation system from ABS, used as collector and distributor, as well, multiple Ø75 mm connections, with installation in confined spaces.

Brand

Cairox

Application

- The ceiling plenum box (horizontal) is an ultra-lightweight solution for use between a suspended ceiling, a ceiling or wall, and in other confined space locations.
- The box allows for connecting a maximum of two Ø75 mm ventilation ducts to a supply or exhaust air valve.

Composition

- Made of durable ABS material;
- The robust structure guarantees failure-free operation;
- High level of bacteriostatic activity;
- To be mounted on different surfaces and in different planes.

Features and benefits

- The Ø75 mm female connectors are equipped with a gasket and special protection of the connected ducts which ensures the tightness of the entire system in the high D class.
- It is possible to install them on floor / wall / ceiling: made of concrete or plasterboard.
