- DC Inverter
- Outdoor unit, Mini series

## R-4Living Mini outdoor unit type CRX-WLC

- VRF heatpump DC Inverter outdoor unit

### Product

- VRF R-4LIVING All DC Inverter VRF adopts high-efficient DC inverter compressor and DC inverter fan motor

### Application

- Outdoor Unit

### Refrigerant

- R410A

### Features

- Outdoor unit quiet mode
- High energy efficiency with high-performance compressor
- Long connection pipe design with the maximum length of 300 m
- Auto switch of module status in every 8 hours, which greatly improves the reliability of complete unit
- 4 levels of static pressure for option with the maximum of 82 Pa
