- Eckerle

Condensate pumps type EE1200K

Complete kit with Swiss quality condensate pump, detection block, elbow, ceiling cover and 80 cm mounting duct. There is also sufficient space in the mounting duct for the refrigerant pipes. This easy to install kit is designed for wall mounted units up to 7.5 kW. Due to its design, the condensate pump is resistant to clogging or contamination.

Application

- Wall mounted units up to 7,5 kW

Specifications

- Max. flow rate: 10 l/h
- Max. head of discharge: 10 m
- Alarm contact: 230 VAC, 8A - NO/NC
- Noise level: 27 dB
- Colour: traffic white (RAL 9016)

Mounting

- Complete installation kit for wall mounting

Dimensions

- Mounting duct (L x W x D): 800 x 80 x 60 mm

Technical data

- Supply voltage: 230 V AC
- Power consumption: 8 W (operation) and 1 W (standby)
