

Room hygrostats with integrated humidity sensor type NDP

Duct humidity transmitter with ext.compact controller

Specifications

Operating voltage: 24VDC/VAC50/60Hz $\pm 10\%$

Power consumption: max. 3VA

Accuracy: $\pm 3\%$ at 25°C

Repeatability: $\pm 0.1\%$

Humidity: <95% r.H. non condensing

Temperature: 0...50°C

Controller: PI

Output signal 0...10VDC or 0...20mA

Resolution: 9.76 mV (10 bit)

Accuracy $\pm 3\%$ at 25°C

Protection to EN60529/Safety class: IP30/III (IEC60536)

CE: EN 61 000-6-1 & EN 61 000-6-3
